

A Tradition of Good Taste Since 1919™

January 19, 2009

TO OUR VALUED CUSTOMERS:

We are writing to clarify our position in regards to recent public information about Salmonella contamination in peanut butter from Peanut Corporation of America's Georgia facility.

We at Morley Brands LLC have been in contact with our suppliers of peanut butter products. Our suppliers have assured us, that our products are in no way associated with the current peanut butter recall that is taking place across the country.

The peanut butter used in our Clinton Township facility, is actually produced by a different manufacturer and their facility is located in Kentucky.

If you have any questions please feel free to contact us.
